

DO YOU BUY THESE?

**Do You Make Them Too?
Does Your In-House Operation
Always Keep Pace?**

Quality, On Time Delivery. Manufacturers Associates, Inc.

If there's the slightest room for improvement, there's room for us. Manufacturers Associates is one of the largest manufacturers of connector bodies, and while we're not saying you should shut down your in-house supply line, we will say that relying on it to always save the day, could cost you the order. We can provide competitive, on time delivery of most of the parts you need to keep your orders going out on time and trouble free.

Our production floor includes over 100 primary and secondary machines, along with a complete de-burring and cleaning department.

Look at the lineup:

- 40 Brown & Sharpe OO-G 1/2" capacity
- 5 #2 Brown & Sharpe 1 1/4" capacity
- 2 Hardinge CNC Lathes 1 1/4" capacity
- 1 Index GS30 23 axis CNC machine
- 9 Acme Gridley Multi-Spindle screw machines, 7/16" capacity
